Important Notes

- Inception for the Fund managed by ASB Capital Management LLC was March 3, 2011.
- Performance is net of fees and expenses. Returns for periods greater than one year are annualized. Past performance is not necessarily indicative of future results. The performance returns presented above include the reinvestment of dividends. Share price and investment returns fluctuate and shares may be worth more or less than the original cost upon redemption.
- Risk is inherent in all investing. There is no assurance that a client's account will meet its investment objectives. The value of a client's investments, as well as the amount of return a client may receive on an investment, may fluctuate significantly. A client may lose part or all of their investment or the investment may not perform as well as other similar investments. A client's account at ASB Capital Management LLC ("ASB") is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other governmental agency, entity or person. Chevy Chase Trust is the trustee for the ASB Labor Equity Index Fund ("the Fund"). The Fund is a representation of the U.S. domestic equity market. Clients are fully invested at all times. ASB does not take active risk positions in the Fund, regardless of the degree of perceived market risk.
- The prices of, and the income generated by, large cap common stocks held in a client's portfolio may decline due to market conditions and other factors, including those directly involving the issuers of securities held by the fund. The value of large cap securities can go up or down more than other equity classes and can perform differently than expected based on the historical performance of the large cap securities. Stocks generally fluctuate in value more than bonds and may decline significantly over short periods. A client's portfolio may experience a substantial loss if redemptions are required during distressed periods. A client should consider how the Fund fits into an overall investment program.
